

Dianah Klatt's 2010 Summertime "K & Pre-K" Hockey Program

The Program

Dianah Klatt's "K & Pre- K" Hockey program has been developed to introduce youngsters, ages 4-7, to the sport of hockey and the skills of skating. In a warm, friendly, yet challenging setting, Dianah has developed a program which is certain to focus the attention of every young skater. Even the youngest of skaters will quickly acquire the basic skating skills and begin progressing in the sport of hockey.

The Summer sessions will be constructed around one hour of Dianah's systematic and unique skating drills. There will be two designated groups. Group 1 is for the beginning skaters who have not been through the "K & Pre-K" program or still may need a little more instruction. Group 2 is geared towards the skater who has been through the program and is comfortable on the ice.

At the completion of this summer time "K & Pre-K" session, skaters are encourage to stay in our "K & Pre-K" program through out the school year and as long as possible prior to starting first grade.
